John Rodrigues

Design Engineer | Sr.Product Designer

EXPERIENCE

Design Engineer | Founder

Human AI Studio

June 2026 to Present | San Francisco, California

- Designed and shipped Orbi AI, an agentic content automation platform.
- Shipped Florence, an AI-ready design system with 95% agent retrievability.
- Led AI workshops for designers, with resources trusted by designers from Apple, Spatial, Intercom, HubSpot and more.

Founder in Residence

Antler

September 2026 to Present | San Francisco, California

- Joined Antler's startup accelerator, experimenting alongside founders to build Orbi AI, a 0 to 1 agentic content automation platform.

Senior Product Designer | Design Engineer

JPMorgan Chase

January 2024 to June 2026 | Palo Alto, California

- Shipped a digital banking platform for startups.
- Led the end-to-end accounts and lending experience.
- Built reusable animation and component libraries with the design systems team.
- Worked on AI Data Vision, which generates data visualizations with AI and won the most patentable award at JPMorgan Chase.
- Developed an Agentic Thinking framework and trained 300+ designers to integrate AI into their workflows.

Senior Product Designer

Citi

April 2021 to January 2024 | California

- Redesigned balance transfers for 20M users and launched a native iOS App Clip.
- Led design of small business account opening and credit card applications.
- Defined an AI Insights vision for Citi mobile, with potential for $80M in revenue.

Founding Product Designer

Toca Football

August 2020 to January 2021 | Costa Mesa, California

Lead Product Designer

Please Assist Me Inc

April 2019 to August 2019 | Philadelphia

Product Designer

Thomas Jefferson Dice Group

December 2018 to May 2020 | Philadelphia

EDUCATION

MS in User Experience and Interaction Design | 2018-2020

Thomas Jefferson University, Philadelphia | GPA: 3.85 / 4

Bachelor's in Engineering | 2013-2016

St. Joseph Engineering College

San Francisco Bay Area
